CITY OF LODI INFORMAL INFORMATIONAL MEETING "SHIRTSLEEVE" SESSION CARNEGIE FORUM, 305 WEST PINE STREET TUESDAY, JUNE 29, 2004

An Informal Informational Meeting ("Shirtsleeve" Session) of the Lodi City Council was held Tuesday, June 29, 2004, commencing at 7:00 a.m.

A. ROLL CALL

Present: Council Members – Beckman, Howard, Land, and Mayor Hansen

Absent: Council Members – Hitchcock

Also Present: City Manager Flynn and City Clerk Blackston

Note: Interim City Attorney Schwabauer was excused from attending the meeting by

Mayor Hansen.

B. <u>CITY COUNCIL CALENDAR UPDATE</u>

City Clerk Blackston reviewed the weekly calendar (filed).

C. TOPIC(S)

C-1 "Review draft fiscal year 2004-05 Financial Plan and Budget"

Finance Director Krueger reviewed information from the 2004-05 2rd Year of Two Year Financial Plan and Budget (filed). Referencing page C-5, Mr. Krueger noted that revenues and expenditures in the Community Development Block Grant fund are \$1,089,110, which ends in a zero fund balance. On page C-7, the Street Fund shows an ending balance of \$2,091,185.

Public Works Director Prima stated that projects under the Street Fund are listed on pages E-59 through E-63 in the original budget document.

Mr. Krueger referenced page G8 and stated that the amount in reserve in the Capital Outlay Fund will be sufficient in order to make the transfer to the Debt Service Fund for the debt service on the bonds that were issued to finance the new police facility. Mr. Krueger reported that the budget adopted last year showed service charge revenues in the Water Fund of \$6,187,165. The \$2 million adjustment for the rate increases will bring the service charges up to \$8,187,165 for 2004-05. The Water Fund will also have an adjustment of \$800,500 for Environmental Abatement Program costs. Total revenues in the Water Fund are \$8,446,385 and the ending fund balance is \$9,407. Mr. Krueger anticipated staff will be making a recommendation to Council in the fall or spring for additional rate increases.

City Manager Flynn added that an estimate of the additional rate increases would amount to \$1.50 to \$2.00 a month per household.

Mr. Krueger reported that \$8,974,778 is anticipated in service charge revenues in the Wastewater Fund, which had increased over earlier projections due to the recently adopted rate increases. The amount reserved for debt service is \$2,169,850. It is anticipated that at the end of the year the unreserved fund balance would be \$602,732. On page C-11, the Electric Fund service charges total \$52,604,775. The bulk power purchase totals \$32,650,000 and operating expenditures are \$14,333,740.

Mr. Flynn noted that page E-4 shows that as of 2004-05 the \$350,000 transfer from Electric Utility is no longer being made.

In reply to Council Member Land, Electric Utility Director Vallow reported that subsequent to deregulation it was reauthorized that 2.58% of public utilities operating revenues would be dedicated to public benefit programs, which amount to approximately \$850,000 annually in the budget.

Mr. Krueger referenced page C12 and noted that \$2,668,000 was the beginning deficit in the Transit Fund. Other sources of funds have alleviated the deficit balance and it is anticipated that by the end of the year there will be a \$109,625 negative balance, which is anticipated to be resolved by the end of the next fiscal year. In reply to Mayor Pro Tempore Beckman, Mr. Krueger acknowledged that there was an error in the "changes" column, as the zero ending balance did not calculate out and he stated that it would be corrected in the final budget document. The Benefits Fund on page G13 shows a beginning deficit of \$127,313 and an ending fund balance of zero. The Self Insurance Fund on page C-14 has an ending fund balance of \$1,615,264, which is reserved for future insurance losses. The Vehicle and Equipment Replacement Fund on page C-15 has a beginning fund balance of \$220,637 and an ending fund balance of \$240,137. Transfers offset purchases made in the current year.

Council Member Land asked whether the policy for replacement of vehicles was going to be reviewed for the feasibility of extending the use of vehicles for an additional year or two, to which Mr. Flynn answered in the affirmative and stated that it would be brought back for Council's consideration.

Mr. Flynn reviewed the topic for next Tuesday's Shirtsleeve Session regarding the California Public Employees Retirement System and specifically the status of its medical insurance plan.

D. COMMENTS BY THE PUBLIC ON NON-AGENDA ITEMS

None.

E. <u>ADJOURNMENT</u>

No action was taken by the City Council. The meeting was adjourned at 8:12 a.m.

Nancy Spinelli, Accounts Clerk, Finance

Linda Tremble, Administrative Secretary, Electric Utility

Alan Vallow, Electric Utility Director, Electric Utility

Section B POLICIES AND OBJECTIVES

BUDGET POLICIES

B. City Manager

The City Manager as the chief administrative officer, provides the City Council and staff with general direction in the development and formulation of the staff's budget recommendation. This includes: evaluating and assessing current and projected issues confronted by the City; determining the demand for services and facilities; identifying the concerns of the voters; assessing the current and projected financial condition of the City; and determining the final staff recommendation.

C. Finance Director/Treasurer

The Finance Director as the chief financial officer, is responsible for budget development and administration. This includes: developing and issuing the budget instructions and calendar; advising the City Manager on budget policies, including recommended annual target funding levels for fleet funds; reviewing budget requests to ensure they are complete and accurate; preparing the preliminary budget recommendation for review by the City Manager; and, publication of the approved budget.

D. Public Works Director

The Public Works Director is responsible for preparing the City's Capital Improvement Budget (CIB) and the City's Equipment Replacement Schedule (ERS). In this capacity, the Public Works Director works closely with the Electric Utility Director to prepare an integrated CIB and ERS in recognition of the unique responsibilities and scope of services offered by the Electric Department.

E. Department Directors

Department Directors are responsible for preparing their operating budget requests and capital budget requests in accordance with the City's budget instructions.

F. Fleet Committees

Fleet committees were established to serve the City Manager in all vehicle-related matters to include budgeting, acquisition, disposition, assignments, vehicle operations, maintenance and insurance.

G. Failure to Adopt Budget

If the City Council fails to adopt the budget by July 1 of each year, the City Council may elect one of the following courses of action until passage of a budget and the appropriation of funds: (1) Provide the City Manager with Continuing Resolution Authority to allow continued services at expenditure levels not greater than those levels approved in the prior year budget; or (2) Require staff to obtain prior approval for the expenditure (disbursement) of materials and services in excess of \$5,000 per contract or purchase order.

H. Public Record

The budget document will be available on-line at the City's website located at www.lodi.gov. Hard copies will be available for public perusal at the Lodi Public Library, the Finance Department and the the Carnegie Forum during Council meetings.

GENERAL REVENUE MANAGEMENT

A. The City will seek to maintain a diversified and stable revenue base to protect it from short-term fluctuations in any one revenue source.

Exhibit B Page 1

BUDGET POLICIES

- B. To emphasize and facilitate long-range planning, the City will project operating revenues for the succeeding five years.
- C. The City will make all current expenditures with current revenues, avoiding procedures that balance current budgets by accruing future revenues, rolling over short-term debt or borrowing reserves of one fund to another.

RECREATION AND COMMUNITY CENTER FEES

- A. Recreation service cost recovery goals are addressed as an integral component of the City's annual comprehensive user fee analysis process. It is the City's goal that a minimum of 35% of the total cost of the City's recreation and 40% of the total cost of the City's community center programs should be recovered through fees and charges for recreation activities and the use of City facilities and equipment. In achieving these overall cost recovery goals, the following guidelines will be used:
 - 1. Cost recovery for activities directed to adults should be relatively high if not at 100% of cost.
 - 2. Cost recovery for activities for youth should be relatively low.
 - Although ability to pay may not be a concern for all youth and senior participants, these are desired program activities, and the cost of determining need may be greater than the cost of providing a uniform service fee structure to all participants. Further, there is a community-wide benefit to encourage high-levels of participation in youth recreation activities regardless of financial status.
 - 3. For cost recovery activities of less than 100%, there should be a differential in rates between residents and non-residents.
 - 4. These policy guidelines are sufficient in themselves in providing direction for setting the recreation and community center fees. Although these targets may be internally useful in administering recreation fees, the City's management should have as much flexibility as possible in setting specific activity fees as long as they meet the objectives and criteria provided above; however, the Recreation Department and Community Center will prepare and submit a summary of internal cost recovery targets to the City Manager for various activity categories at least annually.
- B. Charges will be assessed for use of rooms, pools, gymnasiums, ball fields, special use areas, and recreation equipment for activities not sponsored or co-sponsored by the City. Such charges will generally conform to the fee support categories listed above.
- C. The Recreation Department and Community Center may waive fees with the approval of the City Manager when it is determined that an undue hardship exists or when in the best interest of the City.

BUDGET POLICIES

ENTERPRISE FUND FEES AND RATES

- A. The City will set fees and rates at levels which fully cover the total direct and indirect costs; including operations, capital outlay and debt service, of the following enterprise programs: electrical, water, sewer, and transit.
- B. The City will annually review and adjust Enterprise Fund fees and rates as required to ensure that they remain appropriate and equitable; and to stem large rate increases.

OTHER FEES AND RATES

A. Ongoing Review

Fees and rates will be reviewed and updated on an on-going basis to ensure that they are correct and appropriate based on the changing needs of the community, i.e. economic concerns, social issues, public safety.

B. General Concepts Regarding the Use of Service Fees and Rates

The use of fees and rates should be subject to the following general concepts:

- 1. Revenues normally will not exceed the reasonable cost of providing the service.
- Cost recovery goals should be based on the total cost of delivering the service, including direct
 costs, departmental administration costs, and organization-wide cost such as accounting, personnel,
 data processing, vehicle maintenance and insurance.
- 3. The method of assessing and collecting fees should be as simple as possible in order to reduce the administrative cost of collection.
- 4. Rate structures should be sensitive to the "market" for similar services as well as to smaller, infrequent users of the service and the influence rates and fees have on economic development.
- 5. A unified approach should be used in determining cost recovery levels for various programs based on the factors discussed above.

C. Low Cost Recovery Services

Based on the criteria discussed above, the following types of services should have very low cost recovery goals. In selected circumstances, there may be specific activities within the broad scope of services provided that should have user charges associated with them; however, the primary source of funding for the operation as a whole should be general purpose revenues, not user fees.

- 1. Maintaining and developing public facilities that are provided on a uniform, community wide basis such as streets, parks and general purpose buildings.
- 2. Delivery of social service programs and economic development activities.

BUDGET POLICIES

D. Comparability with Other Communities

- 1. Fee surveys should never be the sole or primary criteria in setting City fees. There are many factors that affect how and why other communities have set their fees at their levels. For example:
 - a. What level of cost recovery is their fee intended to achieve compared with Lodi's cost recovery objectives?
 - b. What costs have been considered in computing the fees?
 - c. When was the last time that their fees were comprehensively evaluated?
 - d. What level of service do they provide compared with Lodi's service or performance standards?
 - e. Is their rate structure significantly different than Lodi's and what is it intended to achieve?
- 2. Surveys comparing the City's fees to other communities are useful background information in setting fees for several reasons:
 - a. They reflect the "market" for these fees and can assist in assessing the reasonableness of the City's fees.
 - b. If prudently analyzed, they can serve as a benchmark for how cost effective the City provides services.

These are difficult questions to address in fairly evaluating fees among different cities.

REVENUE

The Council recognizes that generally accepted accounting principles for local government discourage the "earmarking" of General Fund revenues, and accordingly, the practice of earmarking General Fund revenues for specific programs should be minimized. Approval of the following Revenue Distribution policies for 2004-05 does not prevent future Councils from directing General Fund resources to other funds and activities as necessary.

BUDGET POLICIES

transportation programs - in conjunction with other State and Federal grants for this purpose, will be self-supporting from TDA revenues. As available, TDA funds will also be used for street maintenance projects.

D. Enterprise Fund Allocations to the General Fund

- 1. The goal of Proposition 4 is to limit growth in appropriations of both state and local government to changes in the cost of living and population in order to control spending levels. Proposition 4 further describes the difference between "tax proceeds" and fees. Tax proceeds are the revenue from regulatory licenses, user charges and user fees to the extent the revenue exceeds the cost of providing the regulation, product or service. (This includes transfers from an enterprise fund to the extent those funds exceeded the cost of providing the services).
- 2. As discussed above, the funds transferred from the City's enterprise funds to the City's General Fund are "In-Lieu of Taxes" to the extent they exceed the cost of services provided by general services (accounting, personnel, legal, insurance, etc.). These taxes will be levied based on prior year revenues as follows with changes in future years to coincide with the water/wastewater rate increases approved in April 2004:

	<u>2004-05</u>	<u> 2005-06</u>	<u> 2006–07</u>
In-lieu of Tax - Electric	12%	12%	12%
In-lieu of Tax - Water	12%	9%	9%
In-lieu of Tax -Wastewater	9%	11%	9%
avanua Allacations to the Coneral Fund	1290		

E. Special Revenue Allocations to the General Fund

Revenues the City receives for specific services (i.e. vehicle tow charges) will not be designated for use by an individual department unless required by statute or approved by the City Council. When required by statute (i.e. asset seizure), these funds will be first allocated to the purchase of necessary and essential equipment and/or services prior to purchase with General Fund resources.

F. Grants and Donations

Council must approve applications for grants or acceptance of donations containing restrictions that may have an impact on the budget.

G. Use of Community Development Block Grant (CDBG) Funds

Each year, the U.S. Department of Housing and Urban Development (HUD) awards cities grants to carry out a number of community development activities in an effort to revitalize neighborhoods, foster economic development and improve community facilities and services. Lodi receives those grant funds in a formula-based allocation to use to address identified community development needs.

BUDGET POLICIES

FUND BALANCE DESIGNATIONS AND RESERVES

- A. The City should maintain fund balances of at least 15%, (if financially feasible within the constraints of available resources) of operating expenditures in the General Fund as well as the Electric, Wastewater, and Water Funds. This is considered the minimum level necessary to maintain the City's credit worthiness and to adequately provide for:
 - 1. Economic uncertainties, local disasters, and other financial hardships or downturns in the local economy.
 - 2. Contingencies for unforeseen operation or capital needs.
 - 3. Cash flow requirements.
- B. The City will establish and maintain an Equipment Fund to provide for the timely replacement of vehicles and capital equipment. This includes items with an individual replacement cost of \$3,000 or more. The minimum fund balance in the Equipment Fund should allow for annual fluctuations in expenditures while maintaining a level annual transfer and allow for emergency replacement purchases. The annual contribution to the Fund will generally be based on the annual "use allowance" which is determined based on the estimated life of the vehicle or equipment and its original purchase cost. Interest earnings and sales of surplus equipment as well as any related damage and insurance recoveries will be credited to the Equipment Fund.
- C. The Council may designate specific fund balance levels for future development of capital projects which it has determined to be in the best long-term interests of the City.
- D. In addition to the designations noted above, fund balance levels will be sufficient to meet funding requirements for projects approved in prior years which are carried forward into the new year; debt service reserve requirements; reserves for encumbrances; and other reserves or designations required by contractual obligations, state law, or generally accepted accounting principles.

INVESTMENTS

- A. Investments and cash management will be the responsibility of the City Finance Director/Treasurer or designee.
- B. The City's primary investment objective is to achieve a reasonable rate of return while minimizing the potential for capital losses arising from market changes or issuer default. Accordingly, the following factors will be considered in priority order in determining individual investment placements:
 - 1. Safety
 - 2. Liquidity
 - 3. Yield

BUDGET POLICIES

- C. Regular employees will be the core workforce and the preferred means to staff ongoing, year-round activities rather than independent contractors. The City will strive to provide fair compensation and benefit schedules for its authorized regular work force. Each regular employee will:
 - 1. Fill an authorized regular position.
 - 2. Be assigned to an appropriate bargaining unit or representative group.
 - 3. Receive salary and benefits consistent with labor agreements or other compensation plans.
- D. To manage the growth of the regular workforce and overall staffing costs, the City will follow these procedures:
 - 1. The City Council will authorize all regular positions except in the case of the Library which is governed by the Library Board.
 - 2. The Human Resources Department will coordinate the hiring of all employees and evaluate the reallocation of existing positions.
 - 3. All requests for additional regular positions will include an evaluation of:
 - a. The necessity, term, and expected results of the proposed position.
 - Staffing and material costs including salary, benefits, equipment, uniforms, clerical support, and facilities.
 - c. The ability of private industry to provide the proposed service.
 - d. Additional revenues or cost savings which may be realized.
 - 4. Periodically, and prior to any request for additional regular positions, programs will be evaluated to determine if they can be accomplished with fewer regular employees under a "productivity review".
- E. Temporary employees are employees other than regular employees, elected officials, and volunteers budgeted in hours. Temporary employees will augment regular City staffing only as limited term employees, seasonal employees, emergency, intermittent, contract employees, and interns. The City Manager will encourage the use of temporary employees to meet peak workload requirements, fill interim vacancies, and accomplish tasks where less than regular, year-round staffing is required.
- F. Contract employees will be defined as temporary employees with written contracts approved by the City Manager who may receive approved benefits depending on hourly requirements and the length of their contract. Contract employees will generally be used for medium-term (generally between six months and two years) projects, programs, or activities requiring specialized or augmented levels of staffing for a specific period of time. The services of contract employees will be discontinued upon completion of the assigned project, program or activity. Accordingly, contract employees will not be used for services that are anticipated to be delivered on an ongoing basis, unless the City is experiencing economic uncertainties with the possibility of layoffs. Under such circumstances, the contract positions may be extended as necessary to keep in check the number of permanent positions.

Section C CHANGES IN FUND BALANCE

CHANGES IN FUND BALANCE - GENERAL FUND

	2001-2002	2002-2003	2003-2004 Adopted		2003-2004 Revised	2004-2005		2004-2005 Revised

DEBT SERVICE REQUIREMENTS

2004 - 2005 FINANCIAL PLAN & BUDGET

DEBT SERVICE REQUIREMENTS

1991 Certificates of Participation

Purpose: Wastewater Treatment Plant Facility Expansion (White Slough)

Maturity Date: 2026

Interest Rate: 4.5% to 6.60%

Original Principal Amount: 11,170,000

July 1, 2004 Principal Outstanding: 9,390,000

Funding Source: Sewer Fund

1992 Construction Loan under the CA. Safe Drinking Water Bond Law of 1988

Purpose: Finance the construction of wells to meet safe drinking water standards (DBCP)

Maturity Date: 2014 Interest Rate: 3.4%

Original Principal Amount: 4,758,000

July 1, 2004 Principal Outstanding: 2,378,412

Funding Source: Water Fund

2002 Certificates of Participation

Purpose: New Public Safety Financing and Refunding of 1995 and 1996 Certificates of Participation

Maturity Date: 2021

Interest Rate: 1.40% to 4.95%

Original Principal Amount: 26,745,000

July 1, 2004 Principal Outstanding: 25,530,000 Funding Source: General Fund Capital Outlay

2002 Electric System Revenue Certificates of Participation Series A

Purpose: Refund 1999 Current Interest COPS Series A and Capital Appreciation Certificates Series B

Maturity Date: 2032

Interest Rate: Variable rate

Original Principal Amount Series A: 46,760,000 July 1, 2004 Principal Outstanding: 46,760,000

Funding Source: Electric Utility Fund

2002 Electric System Revenue Certificates of Participation Taxable Series B

Purpose: Applied to Power Purchase costs

Maturity Date: 2005

Interest Rate: 2.14% to 4.53%

Original Principal Amount: 8,400,000

July 1, 2004 Principal Outstanding: 1,100,000

Funding Source: Electric Utility Fund

Exhibit H Page 1

2002 Electric System Revenue Certificates of Participation Series C and Taxable Series D

Purpose: Acquisition cost of the rights to the Amended Energy Purchase Agreement with Calpine

Maturity Date: 2015

Interest Rate: 2.0% to 5.25%

Original Principal Amount: 43,965,000

July 1, 2004 Principal Outstanding: 40,840,000

Funding Source: Electric Utility Fund

2003 CSCDA Pooled Financing Program Series 2003B

Maturity Date: 2019

Interest Rate: 2.0% to 5.25%

Original Principal Amount: 5,000,000

July 1, 2004 Principal Outstanding: 5,000,000

Funding Source: Wastewater Funds

2004 Wastewater System Revenue Certificates of Participation Series A

Maturity Date: 2024

Interest Rate: 2.0% to 5.50%

Original Principal Amount: 27,360,000

July 1, 2004 Principal Outstanding: 27,360,000

Funding Source: Wastewater Fund
